Sibling Stories

The bond between brothers and sisters is often a special one. National Siblings Day is April 10, a good opportunity to share some family memories.

- Do you have siblings? Share their names and their relation in age to you.
- Discuss the pros and cons of being the oldest, middle or youngest child. Which one are you?
- If you are an only child, did you ever want a brother or sister? Was there anybody in your life, such as a cousin or close friend, who seemed like a sibling to you? What about now?
- Did you ever share a bedroom with a sibling? What was that like? What other things, such as clothes, toys or school supplies, did you share?
- What kinds of activities did you do with your siblings? Did you do chores together or play games? Have you ever gone on a trip together?
- Describe a favorite memory of a sibling.
- If you have children, talk about your experiences raising siblings or raising an only child. Compare and contrast your stories.
- In your opinion, what is the best thing about having a sibling?

Join us on April 19th at 2:30 for "Life Stories" and share your sibling memories!
