The Beautiful Mission Conference Students Coming to Kinship Pointe "Preparing to Shine"

This conference is being held at Concordia University. On Friday, Nov. 10, 10-12 students are coming to Kinship Pointe to share their love for Jesus with us. If you are interested in spending time with these students from all over the United States colleges, please let Rosellen or Marie know. The students will be here around 11:00, eat with you, and leave around 2:00. Their focus is the Biblical Scripture of 1 Peter 3:15, *"But in your hearts set apart Christ*

as Lord. Always be prepared to give an answer to everyone who asks you to give the reason for the hope that you have. But do this with gentleness & respect." Let us focus on this scripture as well.

"This Month In History"

NOVEMBER

1929: Movie star turned Princess of Monaco, Grace Patricia Kelly is born on Nov. 12. She was an iconic actress during the Golden Age of Hollywood and an advocate for children in the arts.

1930: The Bank of Italy in San Francisco changes its name to the Bank of America. Currently, the financial company is the second-largest banking institution in the United States.

1942: In the midst of World War II, the minimum age for the U.S. military draft is dropped from 21 to 18. This

quickly brought out supporters of lowering the legal voting age, too, with the phrase "Old enough to fight, old enough to vote."

1960: John F. Kennedy becomes the youngest person to be elected U.S. president.

1989: The fall of the Berlin Wall occurs on Nov. 9. With the literal destruction of the wall, the figurative "Iron Curtain" between the U.S. and the Soviet Union was dissolved as well, ending the Cold War.

1994: Returning to the ring after a 10-year retirement, George Foreman wins the world heavyweight boxing championship—the oldest ever to earn the title, at age 45. "Big George" still holds the record.

2011: The creative video game Minecraft is released. It has since become the bestselling video game in history, with 140 million active players.

2022: The global population reaches a new high of 8 billion people.
