Foster Active Living Communities have grown from a rich tradition in senior living with a heartfelt passion for our elders. Our communities that we manage, reflect the values we have held for over 50 years – “that caring for our elders is a privilege and the right thing to do”. Designed to feel like home, our communities offer a gracious lifestyle where our elders can pursue their passions, remain active and be confident that their health, happiness and safety are our top priority. We feel a *kinship* with our elders and foster that spirit of *kinship* in all our communities. This provides a place where friends and family gather to enjoy life. A place where our residents needs are anticipated and answered because we know each and every one of them.

Community Features

- Fireplace enjoyment to sit and visit with family and friends.
- Warm family friendly atmosphere for families and residents to call home.
- Established home town community, consistent care givers.
- On site fitness and activities room for creative events.
- Restaurant Style Dining.
- Ice Cream Parlor.
- Beauty Shop.
- Coffee Shop.

Assisted Living Features

Studio and one bedroom apartments with ample space for queen size bed and full size furniture in the living room and bedroom, in lieu of small “nursing home style” rooms.

Apartments large enough for family/guest or grandchildren to stay overnight.

Easy access showers and closet space.

Apartment kitchenettes that compliment our dining services program.

Large common area with patios for enjoying the outdoors with family and friends.

Individual thermostat control heating and air.

Independent Living

Independent Living for senior adult housing is an age-restricted housing for active adults 55 years and up. Residents in these apartments live independently, are typically active (requiring little to no medical supervision) and may or may not be retired.
